

COVID-19 Action Bulletin

At this time when the world is still dominated by the Coronavirus, AFE LLC. wants to ensure there is nothing more important to us than making sure we manage this situation as effectively as possible. We have implemented new protocols to ensure everyone's safety when dealing with AFE LLC. on all business levels.

Confidence Protocol for COVID Safety:

- We are following all CDC Recommendations
- We are following all State Mandated Recommendations for essential business
- We have trained all employees on company and CDC protocol
- We require Technicians and Project Managers to carry COVID-19 disinfecting kits
- We are requiring employees to sanitize hands often
- We practice office sanitizing regularly
- We require masks be worn in and out of the office when social distance is not optional
- We practice social distancing 6-8 feet apart
- We require temperature checks
- If an employee does not feel correct or flu like system, they will be asked to seek medical attention for confirmation.
- We will follow all customer and future customer guidelines for visits and work being performed without question.
- We practice social media meetings when necessary
